- (A) Charismatic
 - (B) Traditional
 - (C) Coercive
 - (D) Rational-legal
 - (E) Influential
12. Which of the following provides U.S. citizens a voice in their government through elected representatives who serve as bridges between the citizenry and the government?
- (A) Direct participatory democracy
 - (B) Representative democracy
 - (C) Full voting rights
 - (D) A separation of powers
 - (E) The media
13. Which of the following is NOT a manifest function of education?
- (A) Socialization
 - (B) Transmission of culture
 - (C) Production of social networks
 - (D) Social control
 - (E) Change and innovation
14. "Proper" attitudes toward education, socially approved dress and manners, knowledge about books, art, music, and other forms of high and popular culture are all examples of
- (A) cultural mystique
 - (B) the proper social grace
 - (C) accumulated social wisdom
 - (D) cultural capital
 - (E) cultural materialism
15. Assignment of students to specific courses and educational programs based on their test scores, previous grades, or both is
- (A) age grading
 - (B) intelligence grouping
 - (C) tracking
 - (D) ability integration
 - (E) nepotism
16. The type of social arrangement in which people are able to gain higher positions based on their intellectual and educational credentials rather than through the influence of personal contacts is
- (A) a tracking orientation
 - (B) a credentialist orientation
 - (C) a meritocracy
 - (D) an educational bureaucracy
 - (E) a spoils system
17. Which of the following is Emile Durkheim's term for those aspects of life that are extraordinary or supernatural?
- (A) Profane
 - (B) Spiritual
 - (C) Sacred
 - (D) Magical
 - (E) Special

- 18.** Belief in a single supreme being or God who is responsible for significant events such as the creation of the world is
- (A) transcendent idealism
 - (B) monotheism
 - (C) polytheism
 - (D) unit theism
 - (E) Zen
- 19.** The study of the causes and distribution of health, disease, and impairment throughout a population is
- (A) social epidemiology
 - (B) social welfare
 - (C) social engineering
 - (D) social biology
 - (E) health demography
- 20.** According to Talcott Parsons, each of the following applies to persons who play the sick role, EXCEPT
- (A) they are not responsible for their condition
 - (B) they are temporarily exempt from their normal roles and obligations
 - (C) they must seek medical help if their condition is serious
 - (D) they must want to get well
 - (E) they are blamed for their own illness
- 21.** All of the following are factors that have eroded the American Dream for the middle class, EXCEPT
- (A) escalating housing prices
 - (B) blocked mobility on the job
 - (C) the cost-of-living squeeze
 - (D) a decline in the quality of medical services
 - (E) the need for a college degree as an entry-level job requirement
- 22.** Who are the working poor?
- (A) People who live from just above to just below the poverty line
 - (B) Seldom-employed individuals who are caught in long-term deprivation because of low education, low employability, low income, and low self-esteem
 - (C) Skilled and semi-skilled machine operators who work in factories and elsewhere
 - (D) Those who live on the margins of society, are frequently homeless, and have little hope for the future
 - (E) People who make \$50,000 a year or less
- 23.** Which of the following BEST expresses the functionalist explanation of social inequality?
- (A) Powerful people are able to shape and distribute the rewards, resources, privileges, and opportunities in society.
 - (B) Positions that are most important for the survival of society must be filled by the most qualified people, who are highly rewarded.
 - (C) The presence of inequality in a society does not serve as a motivating force for people.
 - (D) The core values of society support social inequality.
 - (E) Most inequality is the result of patriarchy.
- 24.** Powerful individuals and groups use ideology to maintain their favored positions at the expense of others, according to what theoretical perspective?
- (A) Functionalist
 - (B) Conflict
 - (C) Symbolic interactionist
 - (D) Psychological

- 25.** The hierarchical arrangement of large social groups based on their control over basic resources is
- (A) social distinction
 - (B) invidious distinctiveness
 - (C) social stratification
 - (D) social layering
 - (E) sociobiology
- 26.** According to Karl Marx, which of the following statements about capitalists is NOT true?
- (A) They own the means of production.
 - (B) They control the means of production.
 - (C) They exploit the workers.
 - (D) They are vulnerable to displacement by machines or cheap labor.
 - (E) They achieve wealth through capital.
- 27.** Large computer software corporations are representative of twenty-first century capitalism, which increasingly is based on
- (A) heavy industry
 - (B) information technology
 - (C) “smokestack” industries
 - (D) narrow national interests
 - (E) abolishment of private property
- 28.** According to Max Weber, individual power depends on a person’s position within
- (A) primary groups
 - (B) bureaucracies
 - (C) family structures
 - (D) kinship networks
 - (E) religious groups
- 29.** For the upper class, wealth most often is the result of
- (A) job training
 - (B) hard work
 - (C) inheritance
 - (D) education
 - (E) salaries and benefits
- 30.** Which of the following categories of people has the highest net worth overall?
- (A) Divorced persons
 - (B) Separated persons
 - (C) Single persons
 - (D) Married persons
 - (E) Persons under age 30
- 31.** According to Karl Marx’s theory of class relations,
- (A) the bourgeoisie consists of those who must sell their labor to those who own the means of production
 - (B) the proletariat consists of those who own the means of production
 - (C) class relationships involve inequality and exploitation
 - (D) wealth, prestige, and power are all important in determining a person’s class position
 - (E) class inequality is a recent historical development
- 32.** Karl Marx’s term for government, schools, churches, and all other social institutions that produce and disseminate ideas that perpetuate the existing system of exploitation is society’s
- (A) substructure
 - (B) superstructure
 - (C) ecostructure
 - (D) basic structure
 - (E) class structure
- 33.** In Max Weber’s stratification typology, which class consists of skilled, semiskilled, and unskilled workers?
- (A) The working class
 - (B) The middle class
 - (C) The divisional class
 - (D) The lower-middle class
 - (E) The pink-collar class

- 34.** The respect or regard with which a person is regarded by others is
- (A) wealth
 - (B) power
 - (C) status
 - (D) authority
 - (E) prestige
- 35.** Which of the following factors is NOT a contributor to the global feminization of poverty?
- (A) Poor women worldwide do not have access to commercial credit.
 - (B) Poor women continue to be trained in low wage jobs.
 - (C) The income gap between men and women continues to grow in low-income nations as well as in some developing nations.
 - (D) High-income nations are importing poor women to their countries to provide them better paying jobs and marketable training.
 - (E) Poor women do not have the additional time to devote to income-producing work.
- 36.** All of the following statements regarding contingent work are true, EXCEPT that it
- (A) is part-time and temporary
 - (B) is found in colleges and universities
 - (C) is found in the federal government and in the health care field
 - (D) often involves subcontracting
 - (E) offers advantages to workers but can be detrimental to employers
- 37.** The process by which some characteristics of a profession are eliminated is
- (A) autonomy
 - (B) specialized training
 - (C) occupational recognition
 - (D) deprofessionalization
 - (E) retraining
- 38.** Negotiations between employers and labor union leaders on behalf of workers are referred to as
- (A) a lockout
 - (B) mediation
 - (C) binding arbitration
 - (D) agency shop tactics
 - (E) collective bargaining
- 39.** All of the following are shared by members of the same ethnic groups, EXCEPT
- (A) unique cultural traits
 - (B) a feeling of ethnocentrism
 - (C) a common educational level
 - (D) territoriality
 - (E) a common language
- 40.** What do sociologists term a group that is advantaged and has superior resources and rights within a society?
- (A) Majority
 - (B) Minority
 - (C) Superior
 - (D) Powerful
 - (E) Social class
- 41.** A negative attitude based on faulty generalizations about members of selected racial, ethnic, or other groups is referred to as
- (A) redlining
 - (B) discrimination
 - (C) prejudice
 - (D) racism
 - (E) hate crime

42. A football coach is happy to work with African-American players, but feels that white fans will accept only a certain percentage of people of color on the team, thus affecting his hiring practices. According to sociologist Robert Merton, this coach is
- (A) an unprejudiced nondiscriminator
 - (B) an unprejudiced discriminator
 - (C) a prejudiced nondiscriminator
 - (D) a prejudiced discriminator
 - (E) an inclusive nondiscriminator
43. At birth, male and female infants are distinguished by the genitalia used in the reproductive process, which are referred to as
- (A) gonads and fallopian tubes
 - (B) primary sex characteristics
 - (C) secondary sex characteristics
 - (D) biological tendencies
 - (E) tertiary sex characteristics
44. Preference for emotional sexual relationships with members of the opposite sex (heterosexuality), the same sex (homosexuality), or both sexes (bisexuality) is one's
- (A) feelings
 - (B) behavior
 - (C) identification
 - (D) gender
 - (E) orientation
45. The culturally and socially constructed differences between females and males found in the meanings, beliefs, and practices associated with "femininity" and "masculinity" are known as
- (A) gender
 - (B) sex
 - (C) primary sexual identifiers
 - (D) secondary sexual identifiers
 - (E) behaviorism
46. In the United States, males traditionally are expected to demonstrate aggressiveness, whereas females are expected to be passive and nurturing, which illustrates the concept of
- (A) sexual identity
 - (B) gender identity
 - (C) gender role
 - (D) biological role
 - (E) correct behavior
47. What is the name used for bar graphs divided into five-year age cohorts, with the left side depicting the number or percentage of males in each age bracket and the right side providing the same information for females?
- (A) Demographic diagrams
 - (B) Population pyramids
 - (C) Ecological portraits
 - (D) Actuarial graphs
 - (E) Age predictions
48. An estimate of the average lifetime in years of people born in a specific year is
- (A) life span
 - (B) cohort projection
 - (C) life prospects
 - (D) life projection
 - (E) life expectancy
49. All of the following statements regarding the relationship between age and poverty in the United States are true, EXCEPT
- (A) older persons are at a much greater risk of living in poverty than are children
 - (B) older women are twice as likely to be poor as older men
 - (C) older Latinos/as and African-Americans are much more likely to live below the poverty line than are non-Latino/a whites
 - (D) about 46 percent of all African-American children under age 6 lived in poverty in 1993
 - (E) children as a group are poorer now than they were at the beginning of the 1980s

50. Illnesses that are long-term or lifelong and that develop gradually or are present from birth are known as
- (A) acute illnesses
 - (B) chronic illnesses
 - (C) medical illnesses
 - (D) temporary illnesses
 - (E) sick roles
51. According to Ferdinand Tönnies, *Gemeinschaft* refers to
- (A) a traditional society in which social relationships are based on personal bonds of friendship and kinship and on intergenerational stability
 - (B) a large, urban society in which social bonds are based on impersonal and specialized relationships, with little long-term commitment to the group or consensus on values
 - (C) a traditional society in which social relationships have come to be based on corporate procedures
 - (D) a post-industrial social order in which traditionalism has been restored
 - (E) postmodern societies of the future
52. The United States has a larger homeless population today than in earlier times because of
- (A) higher rates of mental illness and deinstitutionalization
 - (B) a significant increase in alcoholism and drug addiction
 - (C) changes in structural factors in society
 - (D) more people who are unwilling to work
 - (E) problems in the U.S. educational system
53. What is Emile Durkheim's term for the social cohesion found in industrial societies, in which people perform very specialized tasks and feel united by their mutual dependence?
- (A) Mechanical solidarity
 - (B) Status-oriented bonding
 - (C) High-technology bonding
 - (D) Organic solidarity
 - (E) Bodily solidarity
54. The "old boy network" is an example of
- (A) laws regulating corporations
 - (B) social deviance
 - (C) a social network
 - (D) a fast food chain
 - (E) a commodity chain
55. The subfield of sociology that examines population size, composition, and distribution is
- (A) social ecology
 - (B) gerontology
 - (C) social psychology
 - (D) social dynamics
 - (E) demography
56. A group of people who live in a specified geographic area are referred to as
- (A) nomads
 - (B) clients
 - (C) protesters
 - (D) a population
 - (E) a sample
57. The actual level of childbearing of an individual or a population is referred to as
- (A) reproduction
 - (B) fecundity
 - (C) fertility
 - (D) fruitfulness
 - (E) preparation

- 58.** The number of people living in a specific geographic area (for example, people per square mile) is
- (A) a distribution
 - (B) migration
 - (C) emigration
 - (D) a neighbor Index
 - (E) density
- 59.** According to urban sociologists, a city is
- (A) a metropolitan region
 - (B) a relatively dense and permanent settlement of people
 - (C) a census category
 - (D) a suburban or rural area
 - (E) better organized than a rural region
- 60.** The subfield of sociology that examines social relationships and political and economic structures in the city is
- (A) urban planning
 - (B) zoning
 - (C) urban sociology
 - (D) urban psychology
 - (E) urbanology
- 61.** The study of the relationship between people and their physical environment is known as
- (A) demography
 - (B) urban sociology
 - (C) human ecology
 - (D) physical sociology
 - (E) geology
- 62.** In Herbert Gans' typology of urban dwellers, those who live in tightly knit neighborhoods that resemble small towns are
- (A) cosmopolites
 - (B) ethnic villagers
 - (C) yuppies
 - (D) buppies
 - (E) natives
- 63.** What is the term that sociologists use for the situation where the number of low-income neighborhood residents increases and they begin to spill over into adjacent middle-class neighborhoods, which causes the middle class to move out, thus expanding the base or sector of low-income housing?
- (A) Capital investment
 - (B) Concentric zone development
 - (C) An enterprise zone
 - (D) The invasion-succession cycle
 - (E) Forced integration
- 64.** A continuous concentration of two or more cities and their suburbs that have grown until they form an interconnected urban area is a
- (A) megalopolis
 - (B) central metropolitan area
 - (C) census district
 - (D) suburban complex
 - (E) coastal area
- 65.** What is the term used to describe the situation where banks have policies of refusing to make loans for housing and businesses to persons residing in low-income or blighted communities?
- (A) Capital investment
 - (B) Space allocation
 - (C) Concentric zone development
 - (D) Redlining
 - (E) Zoning
- 66.** A group to which a person does NOT belong and toward which the person may feel a sense of competitiveness or hostility is
- (A) an in-group
 - (B) an out-group
 - (C) a secondary group
 - (D) a reference group
 - (E) a family of orientation

- 67.** A reference group is a group
- (A) that strongly influences members' behavior and social attitudes
 - (B) to which a person belongs and with which the person feels a sense of identity
 - (C) that strongly influences a person's behavior and social attitudes, regardless of whether that individual is an actual member
 - (D) that consists of two or more people who interact frequently and share a common identity
 - (E) that actively recruits new members
- 68.** Which of the following concepts is illustrated by the fact that a successful college president need not be effective in designing the college's promotional brochures and a successful corporate executive need not be able to program the department's computer system?
- (A) Technological employment
 - (B) Hierarchy of needs
 - (C) Goal displacement
 - (D) Division of labor
 - (E) Human relations
- 69.** Systematic practices developed by social groups to encourage conformity to social norms are referred to as mechanisms of social
- (A) retaliation
 - (B) emphasis
 - (C) control
 - (D) deviance
 - (E) status
- 70.** According to Robert Merton's strain theory, what occurs when people accept society's goals but adopt disapproved means for achieving them?
- (A) Conformity
 - (B) Innovation
 - (C) Rebellion
 - (D) Ritualism
 - (E) Retreatism
- 71.** The statement "The greater the degree of social harm, the more the offender should be punished" reflects the principle of
- (A) retribution
 - (B) social protection
 - (C) rehabilitation
 - (D) deterrence
 - (E) restitution
- 72.** An organized group that acts consciously to promote or resist change through collective action is
- (A) a revolution
 - (B) a civil disobedience group
 - (C) a social movement
 - (D) an interest collectivity
 - (E) a plurality
- 73.** Movements seeking to bring about a total change in society are referred to as
- (A) revolutionary
 - (B) reform
 - (C) religious
 - (D) alternative
 - (E) incremental
- 74.** People who are satisfied with their present condition are LESS likely to seek social change, according to the theory of
- (A) value-added
 - (B) resource mobilization
 - (C) functionalist
 - (D) relative deprivation
 - (E) symbolic interactionist

- 75.** Voluntary, often spontaneous activity that is engaged in by a large number of people and that typically violates dominant group norms and values is
- (A) social change
 - (B) organizational behavior
 - (C) institutional behavior
 - (D) collective behavior
 - (E) conformity
- 76.** A relatively large number of people who are in one another's immediate vicinity is termed a
- (A) mass
 - (B) critical mass
 - (C) category
 - (D) crowd
 - (E) reference group
- 77.** The situation in which a teenage boy receives advice from his older sister about how to act on a first date is an example of
- (A) sociobiology
 - (B) acculturation
 - (C) socialization
 - (D) high self-esteem
 - (E) deskilling
- 78.** What is Charles Horton Cooley's term for the way in which a person's sense of self is derived from the perceptions of others?
- (A) Development of personality
 - (B) The "looking-glass" self
 - (C) The "I" and the "me"
 - (D) The human psyche
 - (E) The "window of life"
- 79.** The process by which a person mentally assumes the role of another person in order to understand the world from that person's point of view is referred to as
- (A) generalized others
 - (B) role-taking
 - (C) significant others
 - (D) self-concept
 - (E) switching
- 80.** According to sociologists, what account(s) for virtually all patterns of human behavior?
- (A) Technology
 - (B) Medical advancements
 - (C) Culture
 - (D) Values
 - (E) Genes
- 81.** Traditions, beliefs, language, and philosophies are all examples of
- (A) material culture
 - (B) cultural universals
 - (C) cultural values
 - (D) nonmaterial culture
 - (E) value judgments
- 82.** According to the Sapir-Whorf hypothesis
- (A) language is a given
 - (B) language precedes thought
 - (C) language is not related to categories of thought
 - (D) all of the world's languages view the world in a similar way
 - (E) animals have complex language ability

- 83.** The complex framework of societal institutions and the social practices that make up a society and organize and establish limits on individual behavior are referred to as
- (A) social interaction
 - (B) structurally patterned behavior
 - (C) social structure
 - (D) group interaction
 - (E) social control
- 84.** Any physical or social attribute or sign that so devalues a person's social identity that it disqualifies that person from full social acceptance is a
- (A) norm
 - (B) value
 - (C) status
 - (D) stigma
 - (E) meritocracy
- 85.** Which of the following is an ascribed status?
- (A) Astronomer
 - (B) Violinist
 - (C) Female
 - (D) College graduate
 - (E) Grandparent
- 86.** The scholar Auguste Comte
- (A) is considered to be the founder of sociology
 - (B) conducted the first scientific research in sociology
 - (C) coined the phrase "survival of the fittest"
 - (D) co-authored the text *Social Injustice*
 - (E) is best known for his study of suicide
- 87.** According to sociologist C. Wright Mills, the ability to see the relationship between individual experiences and the larger society is referred to as
- (A) the conflict perspective
 - (B) symbolic interaction
 - (C) reality perception
 - (D) the sociological imagination
 - (E) the scientific vision
- 88.** The first U.S. departments of sociology were established at
- (A) Columbia University and Spellman College
 - (B) Harvard University and Yale University
 - (C) University of Chicago and Atlanta University
 - (D) Howard University and Brown University
 - (E) Princeton University and the University of Texas
- 89.** George Herbert Mead is one of the founders of the
- (A) conflict perspective
 - (B) symbolic interaction perspective
 - (C) functionalist perspective
 - (D) feminist perspective
 - (E) social control perspective
- 90.** Which of the following was NOT an accomplishment of sociologist W.E.B. Du Bois?
- (A) He utilized sociology as a method of social reform.
 - (B) He helped to found the NAACP (National Association for the Advancement of Colored People).
 - (C) He conducted a classical sociological study called *The Philadelphia Negro: A Social Study*.
 - (D) He founded the second department of sociology in the United States.
 - (E) He founded the first college for white women in the United States.
- 91.** The extent to which a study or research instrument yields consistent results is
- (A) reliability
 - (B) the hypothesis
 - (C) theory
 - (D) a hunch
 - (E) intuition

92. The process of systematically collecting information for the purpose of testing an existing theory or generating a new idea is
- (A) research
 - (B) polling
 - (C) surveying
 - (D) data gathering
 - (E) spin
93. Any concept with measurable traits or characteristics that can change or vary from one person, time, situation, or society to another is a
- (A) hypothesis
 - (B) variable
 - (C) problem
 - (D) research design
 - (E) trait
94. If depression is assumed to be caused by loss of employment, then depression is treated here as
- (A) the dependent variable
 - (B) an inductive variable
 - (C) the independent variable
 - (D) a quantitative research variable
 - (E) a negative variable
95. The research method in which the goal is scientific objectivity and the focus is on numerical data is known as
- (A) quantitative analysis
 - (B) qualitative analysis
 - (C) random variation
 - (D) secondary analysis
 - (E) the margin of error
96. In order for societies to produce social change and a better society, Karl Marx believed which of the following was necessary?
- (A) Class conflict
 - (B) Economic conflict
 - (C) Social conflict
 - (D) Environmental conflict
 - (E) Functional imperatives
97. The role of a health club or golf club as a meeting ground for people seeking new business contacts is an example of
- (A) a dialectical function
 - (B) a manifest function
 - (C) a latent function
 - (D) a dysfunction
 - (E) an opportunistic function
98. Which of the following sociological perspectives views society as a system in which each part contributes to the survival of the entire system?
- (A) Functionalist perspective
 - (B) Conflict perspective
 - (C) Interactionist symbolic perspective
 - (D) Postmodern perspective
 - (E) Feminist perspective
99. Which sociological perspective would study how educational institutions help to maintain the privilege of some groups, while keeping others in a lower position?
- (A) Conflict perspective
 - (B) Functionalist perspective
 - (C) Symbolic interactionist perspective
 - (D) Feminist perspective
 - (E) Rational choice perspective
100. The symbolic interactionist approach views society as
- (A) the result of biological evolution
 - (B) the result of class conflicts in society
 - (C) being determined by social interaction and communication
 - (D) complex systems, composed of specialized interdependent parts
 - (E) having a limited lifespan in terms of time
